Randy,

Glad I can help out. Sure beats sitting in a cube.

I'll get there Tuesday 8/12, but may be coming into ABQ at 11:30 Monday night. I'll plan to stay for the duration, but need to fly out by 8/20.

What account is this charged to? Are you staying in Grants?

Linda

Linda, this is great news. You should come out to start work on the Tuesday (12). I think most

of the work will last the first 7 – 8 days, depending on weather and equipment. You are welcome to stay as long as you are interested in doing so. I plan on being out there from 8/10 – 8/21

Thanks,

Randy B. Nattis

Randy,

The Rads training will be the week of 8/25, so I'm available anytime during those 2 weeks, and can even stay over and work the weekend, if that's what you'll be doing. Let me know what works best for you.

That would be great! I'll put you to work. We can discuss specifics as the date gets closer, but I suspect that mobilization for the crew / equipment will be 8/11, which is a lot of hurry up and wait. You'll get more bang for your buck if you came out (traveled) 8/12 or 8/13. Of course you are more than welcome to be part of the mobe / set up.

Thanks,

Hey Randy,

I'm interested in joining you the week of 8/11, if I can provide some assistance and not be a burden.

Linda
